EDUCATION

B.Tech. in Computer Science and Engineering, Birla Institute of Technology, Mesra. 2024 - 2028

SKILLS

Languages: Java, C++,HTML, SQL,CCNA,CCNP,CLOUD Coomputing,
Software Packages: Microsoft Office, Pandas,wireshark,cisco packet tracer,Amozon AWS,Azure,Tableau,Putty

PROJECTS

Healthcare Facility Management Solution

- Healthcare Facility Management Solutions streamline operations in healthcare settings by integrating mainte nance, space management, energy efficiency, and safety protocols into a single platform. They help optimize resource use, ensure regulatory compliance, and enhance overall operational efficiency, ultimately improving patient care and reducing costs.

Drink Water;

- Aimed at promoting hydration and improving health, this project focuses on encouraging regular water con sumption through innovative reminders, tracking systems, or educational tools. It seeks to enhance overall wellness by ensuring users meet their daily water intake goals.

Student Attendance Management System

- Atool designed to streamline the tracking and management of student attendance. It automates record-keeping, generates reports, and provides insights to help educators monitor student presence, identify trends, and improve academic engagement
- **Enterprise Network Design and Implementation Description:** Designed and implemented a scalable enterprise network infrastructure using Cisco routers and switches. Configured VLANs, inter-VLAN routing, and implemented dynamic routing protocols like OSPF and EIGRP for efficient data flow. Tools Used: Cisco Packet Tracer, Wireshark. Key Achievements: Enhanced network performance by 40
- **Cloud-Based Network Deployment** Deployed a hybrid cloud network architecture integrating on-premises systems with Azure and AWS. Configured secure VPN connections and load balancers to ensure seamless con nectivity and high availability. Tools Used: Azure, AWS.

–

SOCIAL SERVICE

– Spearheaded DRISTI, a student-led NGO, and drove social initiatives by directing 70+ volunteers, com pleting large-scale projects, and showcasing strong project management, leadership, and collaboration skills, impacting over 500 community members in Ratanpur.
